Erica Wiggernhorn's Bible Studies

Moses: Every Life Proof of God's Promises

Highly recommended!

I LOVED this study! The way Erica presented the story of Moses revealed to me how God can use any of us to accomplish His great plans—we just have to be available and trust in Him. This book was easy and fun to read, yet the content constantly challenged me to draw near to God and marvel at His ways. ~ Kelly

Ezekiel: Every Life Positioned for Purpose

Loved it!!!

This study was very challenging and I found myself taking a good look in the mirror. If you have a heart for Jesus, or sincerely want to understand the character of God on a deeper level, this study is FANTASTIC! It is obvious the author is genuine and has a desire to point people toward the Lord. My favorite thing is that she doesn't worry about offending everyone but rather speaks the truth in love, real heartfelt love. This is a difficult book in the Old Testament that I must confess I've never been a big fan until now. The study is thought provoking and encourages us to seek answers from the true source (the Sovereign Lord.) Thank you for an in-depth, inspiring study that challenged me to draw closer to Him and gave me a better understanding of why God does, or does not do things. :) ~ Lori

Ancient History Applied to Modern Day

Ezekiel was a prophet and contemporary of Jeremiah and Daniel. He prophesied to the Israelites who were living in exile at the time. In this study, Erica presents and navigates history during this era in a very understandable manner. She takes an in-depth look at God's heart toward and purpose for Ezekiel and His people. Erica is also able to apply the lessons Ezekiel teaches to the daily life of a modern woman. This study is filled with an abundance of God's grace and truth toward believers and encourages the studier to truly know that He is Lord and has a purpose and role for each of us.

Erica's teachings for each week can be accessed via her website [...] I highly recommend completing the study in conjunction with the videos. Erica is not only a gifted writer, but a gifted teacher and speaker as well. You will be encouraged by her interpretation of God's Word and her sisterly love and understanding of fellow women. Her laughter and enthusiasm for the Bible are also infectious! ~ Mrs. Z
